ELIGIBILITY

All international Students and Scholars under the age of 65 with a current passport or student visa and temporarily residing outside their Home Country while actively engaged in education or educational activities or research related activities on campus at a U.S. College/University are eligible to enroll in this insurance Plan.

Insured Students/Scholars may also purchase dependent coverage. Eligible dependents are the lawful spouse (residing with the Insured Student/Scholar) and unmarried children from the moment of birth to age 25 who are not self-supporting and reside with the Insured Student/Scholar. A child includes an Insured's natural child; adopted child, beginning with the date the Insured Student/Scholar is a party to a suit in which the Insured seeks to adopt the child; or a stepchild. A Dependent also includes a child of any age who is medically certified as disabled and is dependent on the Insured Student/Scholar; or a child incapable of self support due to mental retardation or physical handicap and is dependent upon the Insured Student/Scholar. Dependent eligibility expires concurrently with that of the Insured Student/Scholar.

Please note: On-line students/scholars and distance learning students/scholars solely taking off-campus home study, correspondence, or television courses are not eligible to enroll in the insurance plan. Students/Scholars must physically and actively attend classes or engage in educational activities on campus for 31 consecutive days following the date of enrollment to be covered under this Plan.

EFFECTIVE DATE OF COVERAGE

Coverage for an eligible Student/Scholar who makes the required premium payment will become effective on the latest of the following dates:

- 1) 12:01 a.m., Standard Time on August 1, 2013; or
- 2) the date the eligible Student/Scholar enters the Host Country; or
- 3) the date the eligible Student/Scholar is listed as an Insured on the census provided by the College/University; or
- 4) the date requested in the enrollment for the eligible Student's/Scholar's coverage; or
- 5) the day after the date the premium is received by the Company Agent or Administrator.

Coverage will always become effective at 12:01 a.m., Standard Time on the date determined by this provision. A Dependent who meets the eligibility requirements shall have an effective date the latest of: 1) the Insured Student's/Scholar's Effective Date of Coverage, 2) the date requested in the enrollment form for Dependent coverage, or 3) the day after date of postmark when premium is received by the Company Agent or Administrator.

The individual's coverage is effective 24 hours a day on a worldwide basis except when in his/her Home Country.

TERMINATION DATE OF COVERAGE

Coverage for an Insured Student/Scholar shall terminate on the earliest of the following dates:

- 1) the last day of the period for which premium has been paid; or
- 2) the date the Insured Student/Scholar is no longer participating in international educational activities; or
- 3) the date the Insured Student/Scholar returns to his/her Home Country; or

Coverage for any dependent shall terminate as indicated above or on the time and date the Insured Student's/Scholar's insurance terminates, whichever is earlier.

A pro-rated refund of premium will be made only in the event the Insured enters military service. Otherwise, coverage will continue for the period for which premium was paid.

Please note: Coverage is not automatically renewed. Students/Scholars are responsible for keeping their coverage in force.

CONTINUOUS COVERAGE

Coverage for an Insured Person will be considered as continuous during consecutive periods of insurance (such as Fall, Spring, Summer, etc.) when premium payment is received by the Company Agent or Administrator within 15 days of the beginning date of the period of coverage purchased regardless of any breaks in calendar days between consecutive periods of insurance (Fall, Spring, Summer, etc.). This Continuous Coverage provision will not establish a new benefit period, nor affect any lifetime or specifically stipulated benefits shown herein for an incurred loss existing during any preceding coverage period.

EXTENSION OF BENEFITS

Termination of coverage will not affect any claim that began while the coverage was in force. If the Insured Person is Totally Disabled on the date coverage would otherwise terminate, benefits will be continued until:

1. 90 days elapse; or
2. the date that the maximum amount of benefits has been paid; or
3. the date that the Insured Person ceases to be Totally Disabled; or
4. the effective date of replacement coverage or equivalent or greater benefits provided by a succeeding carrier, but only if the replacement coverage covers the Injury or Illness causing the Total Disability without limitation due to the Injury or Illness having commenced prior to the effective date of the replacement coverage;

whichever first occurs. Only benefits for the Injury or Illness causing the Total Disability are continued. No benefits are payable with respect to any other Injury or Illness.

DEFINITIONS

Accidental Bodily Injury – an injury which is of such severity to necessitate medical treatment, and which is caused by an accidental event (independent of all other causes) during the Insured Person's term of coverage under the Policy, and is unrelated to any pathological, functional or structural disorder. All injuries to the same person sustained in one accident, including all related conditions and recurring symptoms of injuries, will be considered one injury.

Co-insurance - the percentage amount of an incurred loss for which the Insured Person is responsible. The co-insurance is exclusive of any Deductible or Co-payment.

Co-payment - the dollar amount of an Eligible Medical Expense that an Insured Person must pay prior to receiving benefits. A co-payment is exclusive of any Deductible and/or Co-insurance.

Deductible - the dollar amount for which the Insured Person is responsible and after which the policy benefits will be paid.

Home Country - The country of which the Insured Person is a citizen or national; including any country where the Insured Person maintains his/her primary residence or usual place of abode and any country of which the Insured Person is the possessor of a validly issued passport.

Medical Emergency - a medical condition of a recent onset and severity, including, but not limited to severe pain, that would lead a prudent layperson possessing an average knowledge of medicine and health to believe that his or her condition or Injury is of such a nature that failure to get immediate medical care could result in: 1) placing the patient's health in serious jeopardy; 2) serious impairment of bodily functions; 3) serious dysfunction of any bodily organ or part; 4) serious disfigurement; or 5) in the case of a pregnant woman, serious jeopardy to the health of the fetus.

Medically Necessary - a treatment, service, medicine or supply which is necessary and appropriate for the diagnosis or treatment of an Sickness or Injury based on generally accepted standards of current medical practice, as determined by the Company. A service, treatment, medicine or supply will not be considered Medically Necessary if it is provided or obtained only as a convenience to the Insured Person or his/her provider; and/or if it is not necessary or appropriate for the Insured Person's treatment, diagnosis or symptoms; and/or if it exceeds (in scope, duration or intensity) that level of care which is needed to provide safe, adequate, and appropriate diagnosis or Treatment.

Licensed Physician – a person who is a duly licensed practitioner of the medical arts in the state or country in which the services are provided. He or she must be acting within the scope of his/her license and not be related to the Insured.

Sickness - illness or disease which first manifests itself, is contracted or commences, and for which a Licensed Physician identified diagnosis is recorded during the period the Insured Person's coverage is in force.

Usual and Customary Charges - fees and prices generally charged in the locality where performed for Medically Necessary services and supplies required for treatment of cases of comparable severity and nature, but not to include charges that would not have been made if no insurance existed.

PRIMARY INSURANCE

The Company shall provide benefits without regard to any other insurance coverage the Insured Person may have.

COMPANY'S RIGHT OF SUBROGATION

In the event you require medical treatment due to another person's negligence (such as an automobile accident), the Company has the right to seek recovery of any benefits it pays toward your medical expenses.

PREFERRED PROVIDER NETWORK

If the Insured Person uses a physician from the Preferred Provider Network, the Company will reimburse covered expenses at a higher amount when compared to using a Non-Network Provider. We have made arrangements with **PHCS, a MultiPlan Preferred Provider Network**, that has contracted with numerous hospitals, physicians and other health care providers in order to administer care at a prearranged, preferred dollar amount. If the Insured Person chooses to use a Non-Network Provider, benefits will be **reduced as shown on the Benefits Schedule**. Prior to seeking care with a Network Provider, the Insured Person should always verify that the provider continues to be a Network Provider. For a listing of participating providers, the Insured Person may access MultiPlan's website at **www.multipan.com**, then **select PHCS Network**, or call their toll free number **1-800-922-4362**.

CATAMARAN RX PHARMACY NETWORK

\$5,000 Benefit

The pharmacy network provides prescription drug coverage for all covered conditions with the exception of preventive drugs. Prescriptions must be filled at a participating **Catamaran RX** pharmacy. The **Covered Person is responsible for a \$10 co-payment per generic prescription; \$15 co-payment per brand name prescription; or \$30 co-payment per multi-source prescription**. No claim forms are required. The participating pharmacy will file claims directly with the administrator for reimbursement of the remaining charges.

The Covered Person must show his/her identification card to receive benefits at a participating pharmacy. An identification/prescription card will be issued once the correct premium and enrollment form have been processed by the administrator.

Participating pharmacies include, but are not limited to: Walgreens, Wal-Mart, CVS, Kroger, Kmart, and Target. For specific locations or additional participating pharmacies, and for other member services information, please call **Catamaran RX** at **800-207-2568**, or access their website at **www.mycatamaranrx.com**. This service is available 24/7 after the issuance of the identification/prescription card.

PRE-EXISTING CONDITIONS

Pre-existing Conditions, defined as a condition for which medical advice, diagnosis, care or treatment was recommended by a Licensed Physician or received from a Licensed Physician within the 6 month period immediately preceding the effective date of coverage, are not covered under this policy. However, after an Insured Person has maintained 6 months of continuous and uninterrupted coverage, pre-existing conditions are covered as any other condition for loss of expense incurred after such 6 consecutive months period.

Payment will be in accordance with the provisions of this Policy. If the Insured Person has a lapse in coverage, a period of 6 months of continuous and uninterrupted coverage will have to be satisfied again before pre-existing conditions are covered as any condition.
